Dear Mr. Bradley:

I have your note of October 26. Why don't you come up with Dr. Sussman when he visits next month?

If this is not so convenient for you, I will be glad to see you any day next week. I suggest you call first to confirm the appointment. The phone here is 5-3311, Ext. 4610.

Yours sincerely,

Joshua Lederberg
Associate Professor of Genetics
